

# MEDICAL QUESTIONNAIRE

Donating stem cells is very safe, but to mitigate any unnecessary risks for you (the donor) as well as the recipient, please answer all questions honestly. Certain preconditions can be grounds to exclude people from donating stem cells. General criteria to register as a donor: **between 17 and 45 years of age** and a body mass of at least 50kg.

## PERSONAL DATA

Your information will be treated with utmost confidentiality

Full name: .....

Age: ..... Body Weight: .....

## PLEASE MARK ALL INDICATIONS THAT APPLY TO YOU
